

**BESPOKE
GATES &
GARAGE
DOORS LTD**

Bespoke Gates wishes all our customers a Happy New Year. We look forward to working with you in 2009.

#3 | January 2009 Issue | Happy New Year

SPECIAL OFFER

Due to increased timber costs, prices have had to go up this month, but if you place a order with us by the end of January, we will still hold 2008 rates!

Sponsor Trees work with communities around the world. Bespoke Gates will donate 10 saplings to be planted in Africa with every gate purchased. A certificate will be provided for you to keep, or to pass on to your client.

‘Although many people from developed countries now sponsor trees for environmental / carbon offsetting reasons, the locals in developing countries are only interested in trees for the direct benefits they bring to the local community, from food, medication, shelter, general environmental benefits including reducing erosion and the ability to establish a strong backbone from which to grow other crops etc. They want these trees to grow naturally in their environment, but cannot achieve this without our help’

Well done to Steve Palmer of Automated Closures, the winner of our Christmas Raffle. Your case of wine is on it's way—enjoy!
